

**IPCO Ag-Surf® Original**  
**(January 18, 2018)**

**Ag-Surf Original** (PCP # 15881) is a non-ionic surfactant from IPCO with a long history of proven performance in Canada. It has been the surfactant of choice for many Canadian producers when applying a range of herbicides, including glyphosate and diquat products. **Ag-Surf Original** is now recommended for use with **Simplicity™ GoDRI™** herbicide from Dow AgroSciences.

**AG-SURF ORIGINAL PRODUCT DETAILS**

- Liquid spray adjuvant containing 92% NPE (Nonylphenoxy Polyethoxy Ethanol), the recommended surfactant chemistry for Simplicity GoDRI
- Packaging: 2 x 10 L case

**BENEFITS**

- **Ag-Surf Original** is **non-ionic** for maximum compatibility and herbicide performance
- **Ag-Surf Original** is the **surfactant partner of choice for Simplicity GoDRI**
- Research and grower experience over many years has shown that **Ag-Surf Original** improves leaf wetting and herbicide penetration into leaves, thereby improving herbicidal efficacy
- Can also be used for **cleaning sprayers and spray equipment**
