

28-0-0 Urea Ammonium Nitrate Solution

COMPOSITION:

Total Nitrogen (N)	28.0%
Derived from Ammonium Nitrate and Urea:	
Nitrogen from Urea.....	14.00%
Nitrogen from Ammonia.....	7.00%
Nitrogen from Nitrate.....	7.00%

DANGER:

Keep out of the reach of children. CAUTION: MAY CAUSE EYE, SKIN AND RESPIRATORY TRACT INFECTION. Harmful if swallowed, inhaled or absorbed through the skin. Causes burns. Do not ingest. Avoid breathing vapor or mist. Avoid contact with eyes, skin and clothing. Wash thoroughly after handling.

PERSONAL PROTECTIVE EQUIPMENT

Respiratory protection: Wear a NIOSH-certified (or equivalent) amine / organic vapor respirator.

Hand protection: Rubber gloves.

Eye protection: Safety glasses with side shields. Wear face shield if splashing hazard exists.

Body protection: Impermeable protective clothing.

FIRST AID:

Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with copious amounts of water for 15-20 minutes.

If in eyes: Hold eye open and rinse slowly and gently with copious amounts of water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless instructed to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious or convulsing person.

GENERAL INFORMATION:

UAN is a 28-0-0 urea ammonium nitrate solution used in agricultural crop production. Use in accordance with recommendations of a qualified individual or institution such as, but not limited to: a certified crop advisor, agronomist, university crop extension publication; or apply according to recommendations in your approved nutrient management plan.

MIXING INSTRUCTIONS:

Fill application tank half full with water and start agitation. Add the proper amount of UAN, continue filling with water and continue agitation until all solution has been applied. Nitrogen solutions left standing for long periods of time should be agitated before application to ensure even distribution.

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal. Segregate from foods and animal feeds. Do not store where children or animals may gain access.

Storage: Store out of direct sunlight in an area of moderate temperature. Keep container tightly closed and dry. Avoid containers, piping or fittings made of copper and copper containing alloys (brass) or galvanized metal. Do not mix or store this product or its solutions in unlined steel or aluminum containers. Stainless steel and certain fiberglass materials are suitable. Protect from freezing temperatures (salting out temperature = -18°C).

Container Disposal: DO NOT reuse container. Triple rinse container prior to disposal in accordance with current local, provincial, and federal regulations. Keep spills from waterways and sewers.
